\* The Board has authorized that, unless you object, 25% of your membership fee will be allocated to the Missouri Rental Dealers Association's Political Action Committee. Unless you decline by checking the box indicated, that portion of your membership fee is not deductible by you and will be used to support candidates for state office, which the committee believes will benefit the rental business; your suggestions, comments and other information are welcome. In addition, John Britton Associates administers the MRDA PAC Fund as well as monitor bills being introduced & monitor Lobbyist efforts. Approximately 20% is allocated towards this monitoring service. Therefore, these portions of your dues (about 45%) are not tax deductible or considered a tax deductible contribution pursuant to Internal Revenue Code 6033 Returns by Exempt Organizations. If you decline, the full amount of the membership fee will be deductible to you & will be used for the non-political activities of the Association.

My organization declines the voluntary contribution to the MRDA-PAC.
